SUMMARY

Passionate and results-driven Junior Front-End Developer with hands-on experience building modern, responsive web interfaces using React, Vite, and Tailwind CSS. Completed intensive training programs and delivered real-world projects focused on enhancing user experience (UI/UX), writing clean code, and deploying high-quality web apps. Eager to contribute to a dynamic development team and grow within the tech industry.

EXPERIENCE

Front-End Developer

Freelance / Personal Projects (Remote)   2022 – Present

· Built real-world projects using React.js, Vite, Tailwind CSS with a focus on high-performance and user-centered interfaces.
· Designed and deployed a portfolio website showcasing diverse front-end projects.
· Key Projects:
· Education Platform Landing Page — UI for courses, lessons & quizzes (HTML, CSS, JS)
· SmartReads — Digital library UI with responsive design (React, Tailwind)
· Portfolio Template — Modern and clean developer portfolio template
· E-commerce Template — Shopping cart, product pages, checkout (React, Tailwind)
· Trivus Learning Platform — Interactive education platform with quizzes, charts, and learning paths (React, Tailwind, Chart.js)
· Applied UI/UX best practices and Git/GitHub for version control.
· Projects deployed using Vercel.
